

Art Envi Renaissance

Description

A Renaissance art exhibition like no other, in your pocket! Art Envi Renaissance brings the major works by the major Renaissance artists from the Web to your iPhone. It's the Renaissance like you've never seen it before.

From Leonardo da Vinci's "Mona Lisa" and "The Last Supper" to "The Birth of Venus" by Botticelli, from the ceiling of the Sistine Chapel, the Pieta and the statue of David by Michelangelo to "The Three Graces" by Raphael, Art Envi Renaissance displays Web-based Renaissance masterpieces the way you would expect on the iPhone: full screen, with multi-touch controls, in automated slide shows or scrolling image arrays. Nearly 100 artists from the Early, High and Northern Renaissance, and the Mannerism period: Art Envi Renaissance brings their classics from the Web to you.
